WHOLESALE TRADE LIST

Growers of a Complete  
Line of Nursery Stock for the  
Wholesale Trade

# Terms and Conditions of Sale

**TERMS**—2% Discount if paid by the first of the second month following date of invoice, and is due Net thereafter. Additional 1% Discount if paid within 10 days from date of invoice. Interest charged on past due accounts.

These terms are offered to those with established credit; otherwise cash, security, or satisfactory references. C. O. D. orders must be accompanied by one-fourth cash.

**PRICES** named in this list are based upon present market conditions and are subject to change without notice. These are Wholesale Prices and apply upon the following quantities:

**Evergreen B. B.**

30 trees (any assortment) at 100 rate.

5 trees (any assortment) at 10 rate.

**Evergreen Grafts (lining out stock)**

Assortment of 50 if not less than 10 of a kind at 100 rate.

Assortment of 500 if not less than 50 of a kind at 1000 rate.

**Other Lining Out Evergreens**

50 of any variety and size at 100 rate.

250 of any variety and size at 1000 rate.

**Note:**—Classifications as given above are understood to be as listed under general headings in price list. (Broken lots of less than quantity listed of any one variety and grade will be billed at 15% above rate.)

**ALL PRICES ARE NET, BOXING AND BALING EXTRA.**

**SHIPPING**—Please give shipping instructions whether by freight or express and route. If no instructions are given we will forward to the best of our judgment, without assuming responsibility. All goods travel at the purchasers risk and expense.

**CAUTION**—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control. All contracts are subject to war priorities on material, transportation and other causes arising that may limit, restrict or make impossible performance thereunder.

**GUARANTEE OF GENUINENESS**—If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

**CLAIMS** for any cause must be made promptly on receipt of stock. We will not entertain claims after goods have been once accepted, or when report is not made within Ten Days after arrival of stock. We express or imply no warranty as to productiveness or life of the nursery stock we sell and will not be in any way responsible for the results secured in transplanting.

**SPECIAL NOTICE**—Correspondents are requested to use their printed business letterheads. We do not quote wholesale prices to retail buyers. We use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

## PLUMFIELD NURSERIES

FREMONT, NEBRASKA

## EVERGREENS

Prices are for Evergreens Securely Balled and Burlapped.

Can dig Evergreens, roots puddled at reduction in price.

Our Evergreens have all been three times x x x transplanted, having been grown with plenty of room for development. Have been properly sheared and pruned for producing compact, symmetrical specimens.

Evergreens selected and tagged by customers in the nursery field will be subject to a 10% additional charge to cover extra expense.

Height specified after variety indicates height tree should obtain at maturity.

We cannot assume responsibility for the successful transplanting of Evergreens, as weather conditions, method of handling and care govern results secured and are sold with the distinct understanding that if they arrive in good condition and are accepted, our responsibility ceases.

### FIR, Abies

#### CONCOLOR, White Fir. 50-60 ft.

This is, by far, the most outstanding Fir. It withstands severe winter conditions, and survives summer heat better than other Firs. The color runs from pale green to light blue. The leaves are long, soft, and pungent. It develops into a narrow pyramid of shapely, symmetrical form. When small, it has a tendency to grow rather irregularly, but assumes a symmetrical even growth as it grows older. The trees offered are the type from the Rocky Mountains of Colorado. This tree has been and will continue to be a great favorite for specimen planting.

40	4 to 4½ feet.....	40.00	.....
30	4½ to 5 feet.....	45.00	.....

#### PSEUDOTSUGA DOUGLASI, Douglas Fir. 70-80 ft.

The Douglas Firs are well known, however, the type listed here differs from the Western type as well as the Northern and Southern types. This one is native of Colorado, stands considerable drouth. Foliage is bluish-green, grows 1 to 2 ft. per year, is symmetrical and fairly compact. Makes a nice yard tree, also used extensively for windbreaks.

**NEW HORIZONTAL EVERGREENS**

The following junipers are natives of the Rocky Mountain region. These varieties were selected for their beauty, compactness and hardiness and have proven a great asset to us who find many needs for low growing ground covers.

## EVERGREENS—Continued

## JUNIPER ADMIRABILIS

Habit of growth is horizontal but it is so compact that it makes a solid mat of evergreen, covering the ground completely. Foliage bluish green. Grows 6 to 8 inches high. Spreads rapidly, yet retains its compactness. A very fine plant to use for covering graves, terraces or any place where a low beautiful covering is wanted.

Quantity		Per 10	Per 100
175	12 to 15 inches.....	10.00	90.00
85	15 to 18 inches.....	12.50	115.00
70	18 to 24 inches.....	15.00	135.00
20	2 to 2½ feet.....	20.00	175.00

## JUNIPER ARGENTEUS

Smooth blue-silver foliage. Grows 6 to 8 inches high. Makes solid cover. Very attractive.

20	12 to 15 inches.....	10.00	90.00
10	15 to 18 inches.....	12.50	115.00

## JUNIPER FILICINUS MINIMUS

This pretty little juniper is also a variety of the Rocky Mountains. It is one of the finest foliaged evergreens of the juniper family. Its short horizontal limbs covered with delicate small branchlets forming fern shaped branches makes it a gem for the rock garden or any other place that a slow growing prostrate evergreen is desired. Grows 4 to 6 inches high, spreads slowly and is very compact. Green foliage.

40	12 to 15 inches.....	10.00	90.00
40	15 to 18 inches.....	12.50	115.00
15	18 to 24 inches.....	15.00	135.00

## LIVIDUS (Bluish)

Foliage silver-blue on slender branches, making a solid fast growing cover. Grows 4 to 6 inches high. One of our best ground covers.

135	12 to 15 inches.....	10.00	90.00
15	15 to 18 inches.....	12.50	115.00

## PULCHELLUS, Pumilus (Beautiful Dwarf)

A beautiful dwarf plant. Foliage is a mixture of blue and green. The short, sharp leaves make up the little branchlets that develop into fern-shaped branches and very attractive. Grows not over 4 to 6 inches high. Spreads quite slowly and very dense.

20	12 to 15 inches.....	10.00	90.00
30	15 to 18 inches.....	12.50	115.00
30	18 to 24 inches.....	15.00	135.00
15	2 to 2½ feet.....	20.00	175.00

## SABINA TAMARISCIFOLIA, Tamarix Savin Juniper, 3-4 ft.

A beautiful dwarf, handsome light green lacy foliage resembling the delicacy of the Tamarisk shrub, thickly fills the low, creeping plant, forming a dense mat of misty green. You will find it very charming as an edger or in the rock garden.

65	12 to 15 inches.....	12.50	.....
50	15 to 18 inches.....	15.00	.....
6	18 to 24 inches.....	20.00	.....
14	2 to 2½ feet.....	25.00	.....

## SABINA VON EHROH, Savin Von Ehron, 8-10 ft. spread

Belongs to the Savin family. An extremely rapid grower clothed with dark green foliage. Many nurserymen consider it better than Savin.

60	18 x 18 inches, Sheared Globe.....	17.50	150.00
65	24 x 24 inches, Sheared Globe.....	22.50	185.00

## SABINA, Savin Juniper, 5-6 ft.

Spreading form with slender branches and dark green, short, tufted foliage. Excellent for foundation work and underplanting. Very hardy and planted over a wide area.

200	15 to 18 inches.....	15.00	140.00
500	18 to 24 inches.....	17.50	160.00

150	3½ to 4 feet.....	35.00	300.00

## EVERGREENS—Continued

## SAVIN JUNIPERS

**JUNIPER VIRGINALIS (Bush Juniper)**

Dark green healthy foliage. Grows bushy like savins but more upright and not quite so broad.

		Per 10	Per 100
75	15 to 18 inches.....	15.00	140.00
45	18 to 24 inches.....	17.50	160.00
20	2 to 2½ feet.....	22.50	200.00

**JUNIPER SCOPULORUM (Western Silver Cedar)**

Extends over a wide range from the Dakotas and Montana down through the Rocky Mts. into New Mexico. Color range from green to extremely silvery blue. Its habits range from low, horizontal types to narrow columnar types. Very hardy drouth resisting and adapts itself over a wide range of territory.

**SCOPULORUM, Colorado Silver Juniper. 25-30 ft.**

Silvery foliage and close symmetrical upright growth. Thrives in hot, dry weather, when the color is the brightest. Very hardy. Grown from seed.

200	2 to 2½ feet.....	17.50	160.00
200	2½ to 3 feet.....	21.00	190.00

## EVERGREENS—Continued

BLOCK OF GRAFTED JUNIPER

In order to get uniform habit of growth and color of foliage, we have selected some outstanding types of various forms and have reproduced by grafting. See following varieties for further description.

**SCOPULORUM DECUMBENS ARGENTATUS (Grafted) 20-30 ft.**

The remarkable characteristics of this tree will not display their beauty until it has attained a growth of six feet or more, displaying more beauty each year. It has shining silver-green foliage. Each year the new branches, while soft, grow downward and as the season goes on the branches stiffen and turn directly upward. As the tree develops it becomes a mass of well clothed horizontal branches with their tips perpendicular with the leader.

Quantity		Per 10	Per 100
10	2½ to 3 feet.....	27.50	.....
5	3 to 3½ feet.....	32.50	300.00

30	5 to 5½ feet.....	55.00	500.00
10	6 to 7 feet.....	65.00	.....

**JUNIPER SCOPULORUM DEWDROP**

Shining silver foliage. Compact, upright at base. Slow growing. Needs very little trimming.

10	2 to 2½ feet.....	25.00	.....
50	2½ to 3 feet.....	30.00	.....

**SCOPULORUM FULGENS (Grafted) 20-30 ft.**

This tree is a native of Colorado. Its habit is upright, pyramidal, full at base and grows compact. Bicolor foliage, glistening, bluish-green, becoming more silver at the tips. The branchlets grow more or less opposite forming flat, Arbor Vitae-like branches. Grows one foot per year.

25	2½ to 3 feet.....	27.50	.....
110	3 to 3½ feet.....	32.50	300.00
20	3½ to 4 feet.....	37.50	350.00

10	5 to 5½ feet.....	55.00	500.00
15	5½ to 6 feet.....	60.00	.....

## EVERGREENS—Continued

**SCOPULORUM FUNALIS (Grafted) 20-30 ft.**

Bluish-green, whip-cord foliage, retaining nearly the same color thruout the year. Pyramidal habit of growth, extremely hardy. Slightly silver-tinged in winter. Straight stem with branches growing nearly horizontal. Will attain more compactness if sheared. Grows one foot per year.

Quantity			Per 10	Per 100
72	3	to 3½ feet.....	32.50	300.00
30	3½	to 4 feet.....	37.50	350.00

10	4½	to 5 feet.....	47.50	450.00

**SCOPULORUM WELCHI (Grafted) Welch's Pyramidal**

The Welch is the most satisfactory columnar type Scopulorum on the market today. Foliage is a light, evenly mixed greenish-silver. Leaves sharp but lay very close to the stem. Branches are very full and tufted at the base, tapering out to a prominent point, yet they are sharply curved upward forming a fine, outstanding columnar tree. Grows about one foot a year. Retains its shape without shearing.

20	5½	to 6 feet.....	60.00	575.00

**VIRGINIANA, Red Cedar (Platte River Type) 30-40 ft.**

This variety is well known throughout the country. The Platte River type seems to give the most satisfaction. Dense and columnar. Has bluish-green foliage turning to a reddish-purple in late fall or winter. This variety is used extensively in landscape work and also for windbreak protection, also used quite generally for understocks.

Quantity		Per 25	Per 100	Per 1000
1,000	6 to 9 inches RP.....	2.00	7.00	60.00
1,000	4 to 6 inches RP.....	1.50	5.00	45.00

**ABIES CONCOLOR**

This is, by far, the most outstanding Fir. It withstands severe winter conditions and survives summer heat better than other Firs. The color runs from pale green to light blue. The leaves are long, soft, and pungent. It develops into a narrow pyramid of shapely, symmetrical form. When small, it has a tendency to grow rather irregularly, but assumes a symmetrical even growth as it grows older. The trees offered are the type from the Rocky Mountains of Colorado. This tree has been and will continue to be a great favorite for specimen planting.

Our field grown grafts are grown in such a manner as to give you a tree properly started. We space, stake, tie and prune them. The TTT and TTTT will not need to be transplanted anymore after you line them out into the field. The TT should be under cut after the second year out if you intend growing stock larger than 4-5 ft. **DON'T BUY MORE THAN YOU NEED AS SUPPLY IS SHORT.**

50 Grafts of not less than 10 of a kind or grade at 100 rate.

500 Grafts of not less than 50 of a kind or grade at 1000 rate.

**JUNIPER BLUE RAPIDS**

Foliage bluish-green color. Leaves not so sharp, growing on stout, coarse, horizontal branches, which set close to each other on a straight, rugged, fast-growing stem. Hardy and one of the best grafted Juniper Virginiana varieties, Northern origin. Retains its color in winter.

Quantity		Per 25	Per 100	Per 1000
100	2 to 3 feet.....	11.00	100.00	900.00
80	18 to 24 inches.....	9.00	85.00	800.00

**JUNIPER BURKI**

Distinct blue, forming a dense column. Winter coloring metallic purple.

30	2 to 3 feet.....	11.00	100.00	900.00
----	------------------	-------	--------	--------

**JUNIPER CANNARTI**

Foliage deep, rich green. Main stem very straight. Branches almost horizontal. Requires shearing to attain compactness.

200	3 to 4 feet.....	12.50	115.00	1000.00
200	2 to 3 feet.....	11.00	100.00	900.00

1,000	12 to 18 inches.....	6.50	60.00	550.00

**CANNARTI PLUMOSA, a new Cannarti Juniper**

It has many advantages over the Cannarti

It has the same green color thru out the year

Its main stem is straight

Its branches are closer together

It is much more compact

It is some slower in growth

Its juvenile foliage is more plume-like

It has never been offered before.

Quantity	Each
100 2 to 3 feet.....	2.00
100 18 to 24 inches	1.50
250 12 to 18 inches	1.00

## JUNIPER GRAFTS—Continued

## JUNIPER VIRG. DUNDEE

The gray-blue color of this narrow pyramidal Juniper changes to purple during fall and winter.

Quantity		Per 25	Per 100	Per 1000
40	2 to 3 feet.....	11.50	105.00	950.00
500	12 to 18 inches.....	7.00	65.00	600.00

## JUNIPER VIRG. GLAUCA

An old variety. Pyramidal tree of moderate size. Silver blue color. Brightest in spring, darkening as season progresses. Stands trimming well.

## Glauca (Virg.)

50	3 to 4 feet.....	12.50	115.00	1000.00
75	2 to 3 feet.....	11.00	100.00	900.00

## Meyeri Squamata

35	10 to 15 inches.....	7.00	65.00	600.00
----	----------------------	------	-------	--------

## JUNIPER VON EHROH

Belongs to the Savin family. An extremely rapid grower clothed with dark green foliage. Many nurserymen consider it better than Savin.

150	9 to 12 inches.....	6.50	60.00	550.00
-----	---------------------	------	-------	--------

## JUNIPER BLUE HEAVEN SCOPULORUM

Shining blue foliage, very straight stem. One of our outstanding Silver Junipers.

## Blue Heaven (Scop.)

90	2 to 3 feet.....	13.00	120.00	1100.00
45	18 to 24 inches.....	11.00	100.00	900.00
400	12 to 18 inches.....	7.50	70.00	650.00

## Blue Colo. Globe (Scop.)

150	15 to 18 inches.....	8.00	75.00	700.00
25	10 to 15 inches.....	7.50	70.00	650.00

## JUNIPER PFITZER TYPE SCOPULORUM

A natural bushy silver-blue colored scopulorum. Very hardy and attractive.

125	18 to 24 inches.....	11.00	100.00	900.00
45	10 to 15 inches.....	7.50	70.00	650.00

## JUNIPER DECUMBENS SILVER BLUE

The remarkable characteristics of this tree will not display their beauty until it has attained a growth of six feet or more, displaying more beauty each year. It has shining silver-green foliage. Each year the new branches, while soft, grow downward and as the season goes on the branches stiffen and turn directly upward. As the tree develops it becomes a mass of well clothed horizontal branches with their tips perpendicular with the leader.

50	2 to 3 feet.....	11.00	100.00	900.00
50	18 to 24 inches.....	9.00	85.00	800.00

## EMERALD GREEN (Scop.)

A new Scopulorum with sharp dense green foliage, Colo. type. None better.

Quantity		Per 25	Per 100	Per 1000
100	2 to 3 feet.....	12.00	110.00	1000.00
300	18 to 24 inches.....	11.00	100.00	900.00
300	12 to 18 inches.....	7.00	65.00	600.00

JUNIPER GRAFTS—Continued

JUNIPER FULGENS

This tree is a native of Colorado. Its habit is upright, pyramidal, full at base and grows compact. Bicolor foliage, glistening, bluish-green, becoming more silver at the tips. The branchlets grow more or less opposite forming flat, Arbor Vitae-like branches. Grows one foot per year.

Quantity		Per 25	Per 100	Per 1000
140	2 to 3 feet.....	11.00	100.00	900.00
145	18 to 24 inches.....	9.00	85.00	800.00

JUNIPER FUNALIS

Bluish-green, whip-cord foliage, retaining nearly the same color thruout the year. Pyramidal habit of growth, extremely hardy. Slightly silver-tinged in winter. Straight stem with branches growing nearly horizontal. Will attain more compactness if sheared. Grows one foot per year.

95	2 to 3 feet.....	11.00	100.00	900.00
250	18 to 24 inches.....	9.00	85.00	800.00

JUNIPER GREEN SPREADER

Foliage light greenish silver, drooping branches. Very good for low planting.

50	15 to 18 inches.....	8.50	80.00	750.00
10	10 to 15 inches.....	7.50	70.00	650.00

HILBORN GLOBE (Scop.)

A natural globular bush, bluish-silver foliage, very dense, dwarf in habit.

Quantity		Per 25	Per 100	Per 1000
90	15 to 18 inches.....	9.50	90.00	850.00
200	10 to 15 inches.....	8.50	80.00	750.00
100	9 to 12 inches.....	7.50	70.00	650.00

JUNIPER MOFFETI SCOPULORUM

A very attractive tree. Has a mixed green and silver foliage, more silver on tips of branches. Pyramidal habit. Heavy base. Makes an ideal tree whether sheared or not.

25	2 to 3 feet.....	11.00	100.00	900.00
80	18 to 24 inches.....	9.00	85.00	800.00
500	12 to 18 inches.....	6.50	60.00	550.00

JUNIPER PATHFINDER SCOPULORUM

This tree found favor almost instantly by reason of its outstanding silver foliage. It is upright in habit, full at base, limbs curved upward covered with shining silver-blue foliage making it an outstanding tree of the times. Will grow about one foot a year. Can be sheared, if necessary.

200	3 to 4 feet.....	12.50	115.00	1000.00
300	2 to 3 feet.....	11.00	100.00	900.00
800	18 to 24 inches.....	9.00	85.00	800.00
300	12 to 18 inches.....	6.50	60.00	550.00

JUNIPER SILVER BEAUTY SCOPULORUM

A native of the San Isabel Forest region, and truly a beautiful tree. It is upright, full at base, branches have upward trend, foliage is greenish-silver, more silver on the exposed tips of branches. Grows about one foot a year.

200	2 to 3 feet.....	11.00	100.00	900.00
220	18 to 24 inches.....	9.00	85.00	800.00

JUNIPER SILVER CORD SCOPULORUM

The straightest stemmed Juniper we grow. Foliage is very blue and attractive. Branches grow upward, needs very little shearing.

100	2 to 3 feet.....	11.00	100.00	900.00
20	18 to 24 inches.....	9.00	85.00	800.00

## JUNIPER GRAFTS—Continued

## JUNIPER VIRGINALIS DARK GREEN

A bush Juniper, branches upright. Foliage dark green, slow grower. Very attractive.

Quantity		Per 25	Per 100	Per 1000
50	15 to 18 inches.....	9.50	90.00	850.00
50	10 to 15 inches.....	7.00	65.00	600.00
200	9 to 12 inches.....	6.50	60.00	550.00

## JUNIPER WELCHI SCOPULORUM

The Welchi is the most satisfactory columnar type Scopulorum on the market today. Foliage is a light, evenly mixed greenish-silver. Leaves sharp but lay very close to the stem. Branches are very full and tufted at the base, tapering out to a prominent point, yet they are sharply curved upward forming a fine, outstanding columnar tree. Grows about one foot a year. Retains its shape without shearing.

200	3 to 4 feet.....	12.50	115.00	1000.00
400	2 to 3 feet.....	11.00	100.00	900.00
400	18 to 24 inches.....	9.00	85.00	800.00
1,000	12 to 18 inches.....	6.50	60.00	550.00

#### DECIDUOUS SEEDLINGS, SHRUB, & ORNAMENTAL TREES

Deciduous stock will not be ready for Fall shipment until late October. Therefore we are not including any in this evergreen list but we do want you to send us your list of wants for quotations.

### *Note*

We ask your cooperation in placing your orders with us as many days before shipping date as possible. You are no doubt familiar with the labor situation and we are not going to have enough help to give instant service like we have in the past and especially where spade digging is necessary to fill order. Our stock is well up to our standard of grades and will be handled right, even though we may not be able to handle quite so much.

We are not booking any orders that are questionable as to our ability to fill. However, we may have to ship your order in part and let the balance follow as soon as we can get it prepared for shipment.
